

ABSEN AX 1.5

THE MINI-LED INNOVATION FOR THE RENTAL MARKET

With a pixel pitch of only 1.5 mm, the Aries 1.5 indoor LED material from Absen is one of the first to be robust enough for the rental sector. The modules impress with their quality and are designed in 16:9 format. For example, 5x5 modules produce Full-HD - without scaling. On request, publitec can supply an LED mounting kit and corresponding drawings for precise installation in exhibition walls without damaging the material. Please do not hesitate to contact us!
